STACK COLLECTION

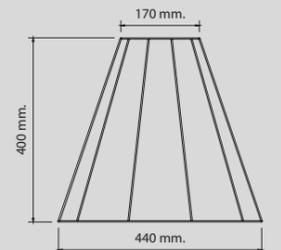

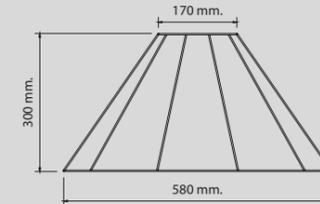

The lighting solution designed to elevate your interior spaces with versatility and modern elegance. The "stack" pendant lamp features three distinct modules that can be combined in various configurations, allowing you to create a multitude of unique designs tailored to your spatial needs.

MATERIALS

- Metal powder coated frame, inner structure & black rings.
- Elastic fitted cloth shade that provides an even glow.
- Inox steel suspensors and supports.

ELECTRICAL DETAILS

- Prepared both for E27 bulbs in each module and for a 360° LED profile in ice finish that can be used with a wide range of LED strips to fit each project.

3 MODULES FOR ENDLESS COMBINATIONS
